GUIDE 19**

ART

HUES

Art, culture and beliefs are beautifully entwined in the fabric that is India. Elements of nature, stories of valour, mythological characters, Lords and Kings, all come together in a burst of colour and intricate designs in the art forms of the country. The complexity of the Madhubani or the richness of the Tanjore art form, are testimony of the craftsmanship of artists and artisans, who make the art forms, their very raison d'être.

Nippon Paint pays tribute to the ancient art forms in different parts of the country, that remain alive to this day, thanks to the craftsmen who revere the art. Read on to get a glimpse of the various expressions of culture and mythology that do the country proud.

MONOCHROMATIC

Choose any shade, tint or tone of one colour, for example yellow-greens, to create a simple colour scheme based on the lighter or darker variations of yellow-greens. You could also add neutral colours such as white and grey for extra visual interest.

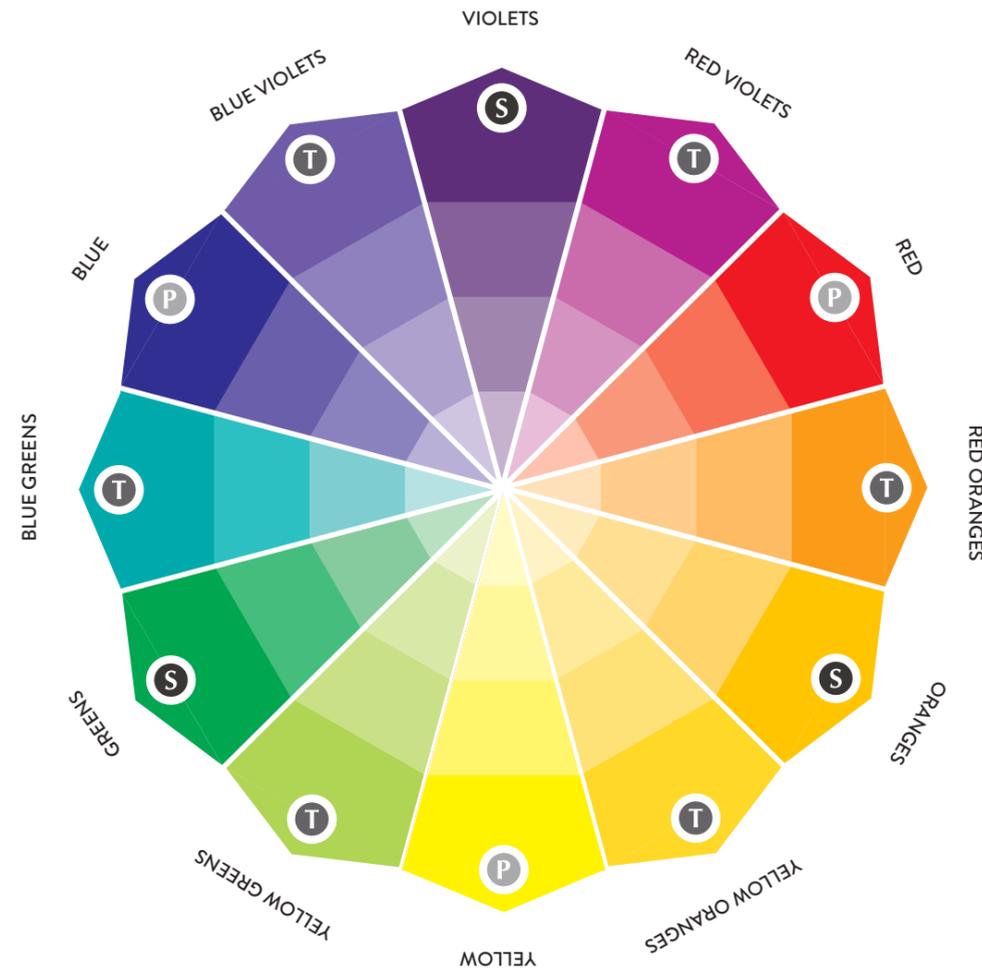

ADJACENT

Mix either a primary or secondary colour with one or two tertiary colours. Choose two or three colours lying next to each other on the colour wheel, within a 90-degree angle. For example, combine reds with red-oranges and oranges.

Basic guide to choosing the right colours

Although there are no hard and fast rules, there are certain colour combinations that are more appealing. Use the colour wheel to select an inspiration colour scheme that will look great in your home!

P Primary Colour
red, blue, yellow

S Secondary Colour
violet, green, orange

T Tertiary Colour
blue-green, blue-violet, red-violet, red-orange, yellow-orange, yellow-green

Hue	= colour	Tone	= colour + grey
Shade	= colour + black	Tint	= colour + white

TRIADIC

Use three colours that are equidistant on the colour wheel, such as oranges, greens and violets. For best results, you should use one dominant colour and use the other two as subtle complementing colours.

COMPLEMENTARY

Choose two colours that lie opposite each other on the colour wheel - such as purples and yellows - as the main colours in your colour scheme. The result could be a vivid combination, full of energy, depending on the strength of colour chosen.

An ode to pastels

As it is difficult to separate the music and its notes, so it is difficult to separate the legend of Krishna from the Pichwai art form. Developed solely to narrate the stories of Krishna, Pichwai Art with its intricate patterns and natural colours survives to this day to cast a spell.

Pick Off-White. And let your walls sport a timeless look.

A touch of gold

Originated in the Thanjavur district of Tamil Nadu, Tanjore painting uses sheets of gold and precious stones, to depict scenes and moments from mythology. The predominant rich yellow casts an unmistakable golden hue, one that seems to usher in everything positive, vibrant and happy.

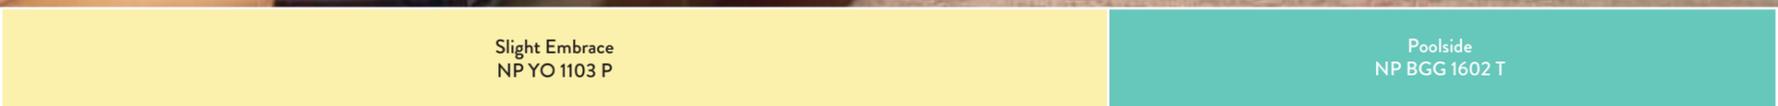

Give your home a dash of yellow. Ring in joy.

The shade that halts time.

A tribal art form of Maharashtra, Warli Art uses simple patterns to depict the forces of nature that exist and co-exist in a dynamic fashion. With a unique shade of red as a canvas, made from a mixture of branches, earth and cow dung, Warli uses white rice powder to paint pictures. Warli painting dates back to at least 10,000 years.

Go ahead, give your wall a stunning red look, that will stop even time in its tracks.

A purple story

Introduced to India by the Mughals, miniature art gained prominence in the Rajput courts, and has taken many forms since. Artists use ivory panels, wooden tablets, leather, marble, cloth and walls for their paintings. Colours are made from minerals and vegetables, sometimes even precious stones, gold and silver.

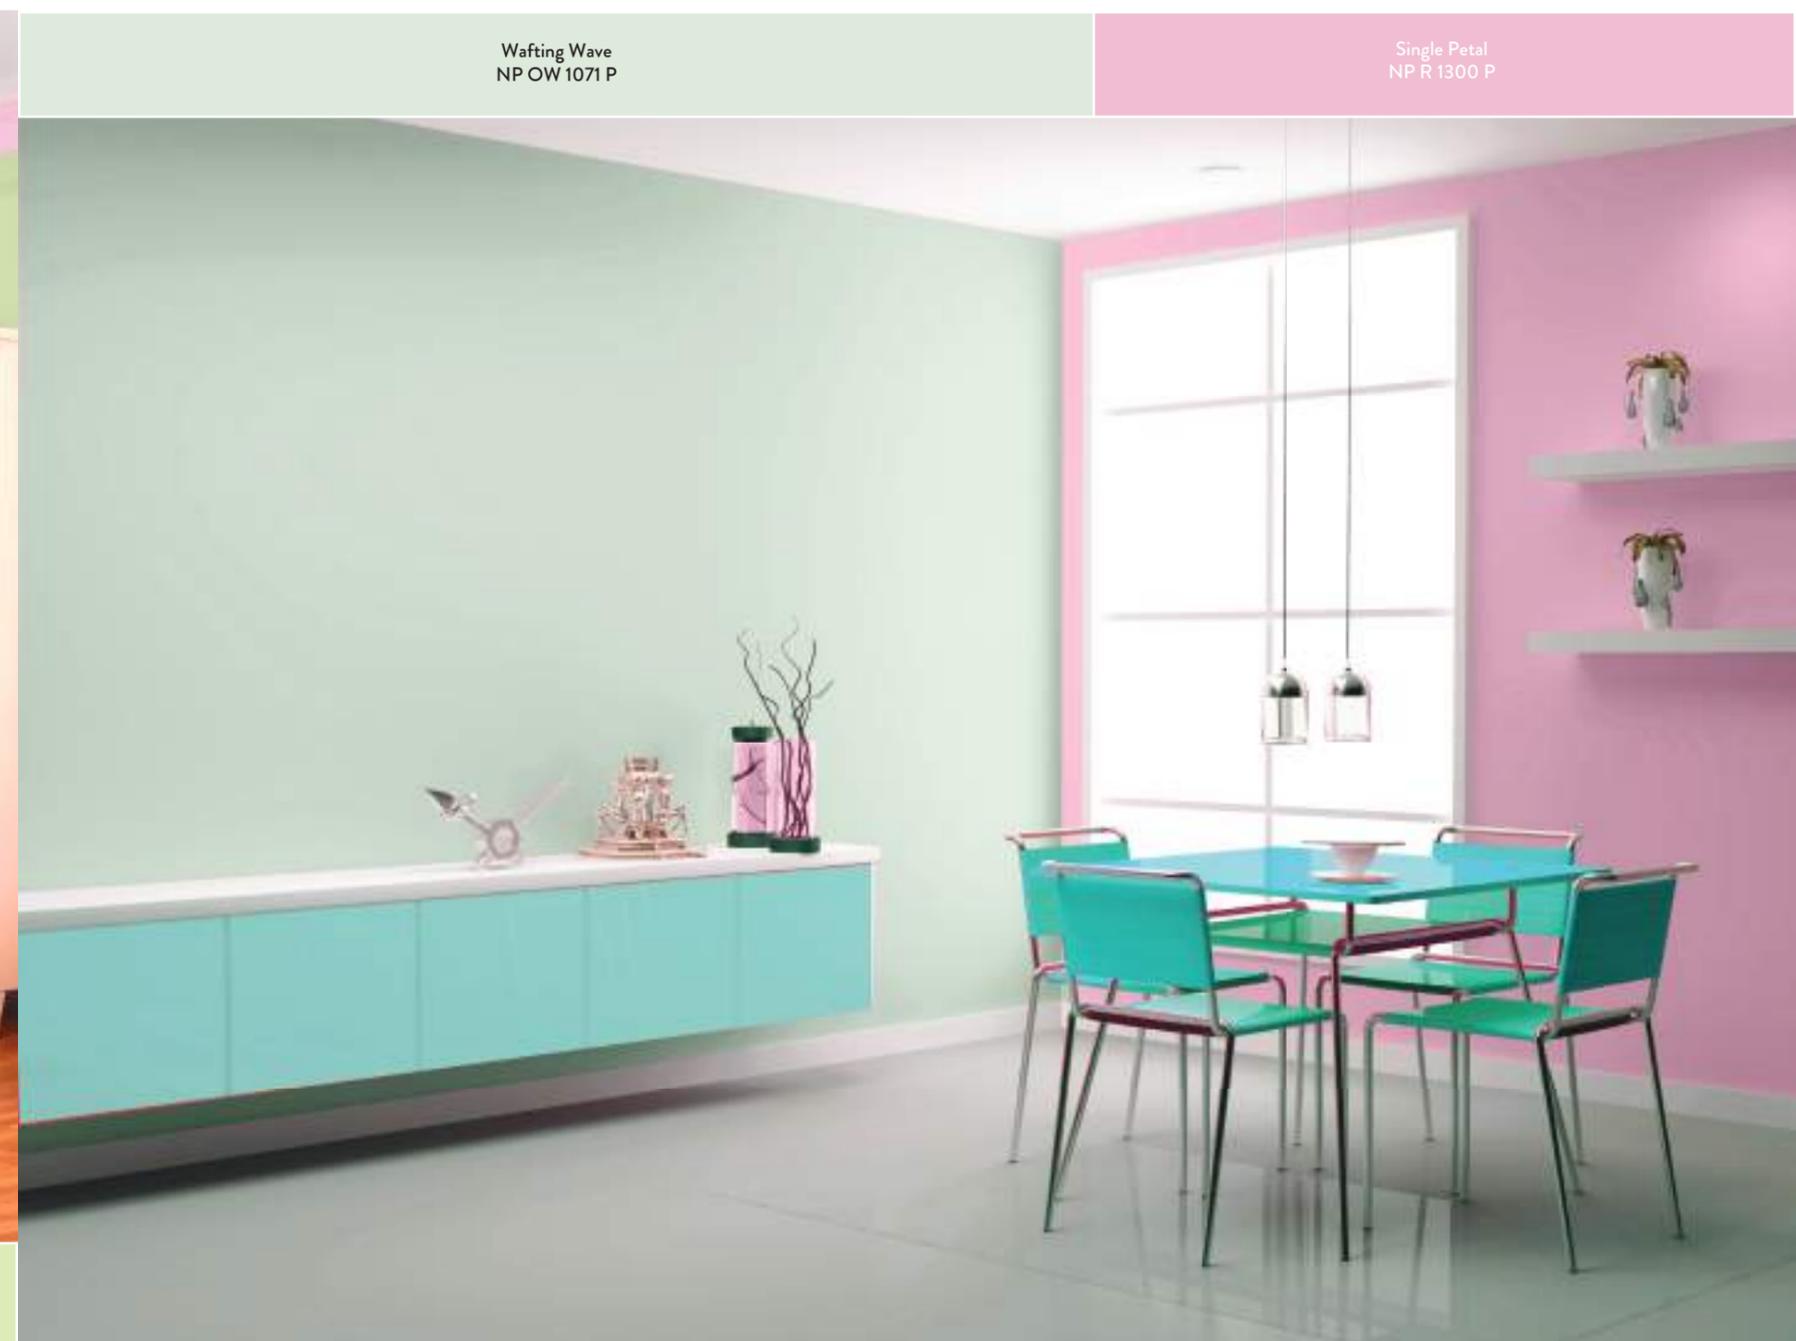

The deep pink and purple of the royal courts now come to you, just for your royal abode. Give your home a touch of royalty.

Let in the sky

The sun, the moon, the ocean and all its creatures, forests and flowers, beautiful people all come together, in a Madhubani painting. With a dash of love and valour, Madhubani Art, hand painted using rice paste and natural dyes originated in the Mithila region of Bihar. Just like the rich blue sky envelops life in its entirety, so too Madhubani Art leaves no aspect of life untouched.

Let the sky into your home -
the perfect canvas for
life to blossom.

Go green, the tribal way

The Gond art form, is an expression of the Gond tribal people. Gond, derived from Kond, meaning Green Hill, dates back to centuries, almost to the Mesolithic age of cave paintings. It reveres every form of life, and believes that viewing a good image ushers in good luck. Gond Art is as lush and as extensive as the Green hill and its life forms.

Let your home stand for everything green - good times, abundance and a truly lush life!

Classics never go out of style

Sanjhi Art, with its origins in Mathura, is as endearing as it is complicated. With precision cuts, stenciling and intricate patterns, Sanjhi Art, in its classic simplicity, has never ceased to charm the onlooker.

There is something utterly charming in the classic tones of neutrals. Let your home make a statement with neutral shades.

ROOF COATING

SUMO XTRA TILE COAT

NIPPON PAINT WEATHERBOND PRO is a high performance, pure acrylic exterior painting system which offers outstanding protection for exterior surfaces. The product also offers unique protection against water, algal attack, dust pick up, hairline crack bridging, efflorescence and extreme weathering. Weatherbond PRO system provides effective waterproofing and anti carbonation properties.

NIPPON PAINT WEATHERBOND ADVANCE is an all-weather protection exterior paint which possesses a unique lamination technology with silicone, providing twice the toughness and durability resulting in supreme protection against harsh weather conditions. It provides excellent resistance to flaking, efflorescence and alkali. It has Ultra low VOC ensuring a safe environment.

NIPPON PAINT DURAFRESH XPERT is a specially formulated high performance exterior emulsion paint with heat ban technology and silicon, ideally suited for tropical weather conditions. It imparts a rich sheen finish and provides better anchoring and water repellence. It has anti-algal & dirt pick up resistance to keep your walls fresh for a long time.

NIPPON PAINT SUMO XTRA is a specially formulated water based emulsion with colour-lock technology which ensures that the colour looks bright and clean. Its unique water resistant property keeps your exterior walls protected and beautiful for long.

NIPPON PAINT SAMURAI is a specially formulated water based acrylic emulsion paint ideally suited for dry and moderately humid climatic conditions. It is anti-peel, anti-fungal and resists fading. It is durable and offers good hiding and spreading.

NIPPON PAINT SHOGUN is a specially formulated acrylic-modified based exterior emulsion paint suitable for dry and less humid weather conditions. Its superior ingredients ensure that the exterior wall is protected from algal and fungal attack hence keeping it spotless for long.

NIPPON PAINT FLOOR GUARD is a superior quality paint, which is specifically developed to provide a hard, durable, adhesion. It acts as an acrylic emulsion coating for cement and paver blocks. It has excellent alkali resistance properties, and provides protection against weathering elements.

NIPPON PAINT ROOF COATING is an acrylic paint that is specially formulated for painting and re-painting asbestos and roof tiles. It is easy to apply and forms a smooth, tough, durable film with excellent sheen. It is also resistant to fungi/algae, water and dirt.

NIPPON PAINT SUMO XTRA TILE COAT is an acrylic paint which is specially formulated for painting roof tiles. It is easy to apply and forms a smooth, tough film, which is durable.

INTERIOR PRODUCTS

SATIN GLO PRIME

NIPPON PAINT SATIN GLO PRIME Luxury Interior Emulsion is based on pure Acrylic Emulsion formulated to impart high sheen to decorate interior walls. It possesses excellent washability and stain resistance to keep the walls beautiful for long. It's a low VOC which ensures safe and healthy interiors. It's anti-bacterial property provides proven protection against bacteria.

ODOUR-LESS AIRCARE

NIPPON PAINT ODOUR-LESS AIRCARE contains active carbon technology which converts formaldehyde into water vapour, resulting in clean fresh air. It also has ultra low VOC and odour, is anti-bacterial and possesses superior washability. Also it does not contain lead and mercury, it is ideal for eco-sensitive commercial and residential areas.

SATIN GLO+

NIPPON PAINT SATIN GLO+ is a luxury interior wall finish specially formulated to impart a rich satin like sheen to decorate interior walls. It possesses excellent washability and stain resistance to keep the walls beautiful for long. It's anti-bacterial property provides proven protection against bacteria and also contains ultra low VOC ensuring safe and healthy interiors.

SATIN GLO AURA

NIPPON PAINT SATIN-GLO AURA Interior Emulsion with special polymer technology to impart soft sheen to decorate interior walls. It possesses excellent washability and stain resistance to keep the walls beautiful for long. Its low VOC ensuring safe and healthy interiors.

SPOT-LESS NXT

NIPPON PAINT SPOT-LESS NXT is a specially-formulated acrylic emulsion paint that repels household stains such as tea, coffee, juices, ink, hand-prints, etc. Our unique 'Swan-back' technology makes it highly resistant to the penetration of water-borne stains, and causes them to form beads. This 'beading effect' ensures stains don't stick and can be removed easily without damaging the paint.

MATEX GOLD

NIPPON PAINT MATEX GOLD is a premium acrylic emulsion which provides a smooth sheen finish to interior walls. It delivers excellent coverage, possess good washability and is low VOC, hence maintaining a healthy home.

VINILEX

NIPPON PAINT VINILEX is a specially formulated water based modified acrylic emulsion paint for interior walls. It is durable, washable and provides a superior smooth finish. It offers good hiding and spreading qualities.

BREEZE

NIPPON PAINT BREEZE INTERIOR EMULSION Nippon Breeze is an economy Interior Emulsion having a smooth finish.

WOOD & METAL

SATIN ENAMEL

NIPPON PAINT SATIN ENAMEL is a specially-blended enamel paint that protects and beautifies interiors, exteriors, wood, metal and masonry surfaces. It imparts a rich, satin finish with a soft sheen and forms a layer which is tough, washable and is long-lasting. It is resistant to alkali, stains and water.

BODELAC

NIPPON PAINT BODELAC ENAMEL is a specially-blended, alkyd-based synthetic enamel. It has no added lead or chrome compounds, thus making it safe. It has excellent gloss retention and is suitable for a wide variety of interior and exterior metal, wood and masonry surfaces.

AQUA BODELAC

NIPPON PAINT AQUA BODELAC Water based enamel Semi gloss provides rich satin finish and can be used for walls and masonry surfaces. It is safe, low odour, low VOC with excellent washability and durability.

ATOM ENAMEL

NIPPON PAINT ATOM ENAMEL is high gloss easy to use alkyd based economy enamel which can be used for different surfaces like metal, wood and masonry surface. It gives excellent gloss finish.

WOOD

CLEARTONE

NIPPON PAINT CLEARSTONE PU wood is a two-pack polyurethane finish which protects the wood and maintains its natural beauty. It comes in gloss and matt finishes for multiple surfaces. It's tough film ensures no scratches and stains on the wood. The acid and alkali resistant property protects the surface from household cleansers. It is resistant to UV, and Algal and Fungal attacks.

MELAMIC

NIPPON PAINT MELAMIC is a specially-formulated, solvent-based, two-pack transparent wood finish for interiors. Its superior low-odour formulation not only protects wood and veneers from scratches and stains but also enhances its aesthetics.

WOODMAGIC

NIPPON PAINT WOOD MAGIC is a highly durable, one-pack transparent polyurethane-based paint that beautifies and protects wood surfaces. While it enhances the elegant and rich look of natural wood, it also protects furniture for long periods.

PAINTING SOLUTIONS FOR YOUR HOME

NIPPON PAINT SATIN GLO PRIME luxury interior emulsion is based on pure acrylic emulsion formulated to impart high sheen to decorate interior walls. It possesses excellent washability and stain resistance to keep the walls beautiful. It's low voc ensures safe and healthy interiors and anti-bacterial properties provides protection against bacteria.

NIPPON PAINT MATEX GOLD is a premium acrylic emulsion which provides a smooth sheen finish to interior walls. It delivers excellent coverage, possesses good washability and has low voc hence maintaining a healthy home.

NIPPON PAINT BREEZE is an economy interior emulsion having a smooth finish.

NIPPON PAINT ROOF COATING is an acrylic emulsion that is specially formulated for painting and re-painting asbestos and roof tiles. It is easy to apply and forms a smooth, tough, durable film with excellent sheen. It is also resistant to fungi/algae, water and dirt.

NIPPON PAINT CEILING FRESH is a specially formulated paint based on modified acrylic emulsion with smooth matt finish for interior use. The paint changes colour from pink to white as it dries so that applicator will never miss a spot.

NIPPON PAINT WEATHERBOND PRO is a high performance, pure acrylic exterior paint which offers outstanding protection for exterior surfaces. It offers unique protection against water, algal attack, dust pick-up, hairline crack bridging, efflorescence and extreme weathering. It provides effective waterproofing and anti-carbonation properties.

NIPPON PAINT INTERIOR PRIMER is a specially formulated acrylic based primer for interior cement and masonry surfaces. It's good hiding properties delivers excellent whiteness.

NIPPON PAINT SPOTLESS NXT is a specially formulated acrylic emulsion that repels household stains such as tea, coffee, juices, ink, etc. Its stain repellent property makes it highly resistant to the penetration of water-borne stains, and causes them to form beads. This 'beading effect' ensures stains don't stick and can be removed easily without damaging the paint. Its high quality makes it suitable for all rooms.

NIPPON PAINT SATIN GLO+ is a luxury interior wall finish specially formulated to impart a rich satin like sheen to decorate interior walls. It possesses excellent washability and stain resistance to keep the walls beautiful for long. Its anti-bacterial property provides proven protection against bacteria and ultra low VOC ensures safe and healthy interiors.

NIPPON PAINT FLOOR GUARD is a superior quality paint, which is specifically developed to provide a hard, durable, adhesion. It acts as an acrylic emulsion coating for cement and paver blocks. It has excellent alkali resistance properties, and provides protection against weathering elements.

NIPPON PAINT VINILEX is a specially formulated water based modified acrylic emulsion paint for interior walls. It is durable, washable and provides a superior smooth finish. It offers good hiding and spreading qualities.

NIPPON PAINT ODOUR-LESS AIRCARE is an anti-formaldehyde interior emulsion that helps create a safer, hygienic indoor environment. This breakthrough product contains active carbon technology that absorbs harmful free formaldehyde from the air and converts it into water vapour, resulting in clean fresh air. Besides ultra low VOC and low odour, this environment friendly paint is anti-bacterial & possesses superior washability. It is ideal for people who are allergic to formaldehyde and paint odour.

NIPPON PAINT BODELAC is a specially-blended, alkyd-based synthetic enamel. It has no added lead or chrome compounds, thus making it safe. It has excellent gloss retention and is suitable for a wide variety of interior and exterior metal, wood and masonry surfaces.

NIPPON PAINT SATIN ENAMEL is a specially-blended enamel paint that protects and beautifies interiors, exteriors, wood, metal and masonry surfaces. It imparts a rich, satin finish with a soft sheen and forms a layer which is tough, washable and is long-lasting. It is resistant to alkali, stains and water.

EXTERIOR PRODUCTS

NIPPON PAINT WEATHERBOND ADVANCE is an all-weather protection exterior paint which possesses a unique lamination technology with silicone, providing twice the toughness and durability resulting in supreme protection against harsh weather conditions. It provides excellent resistance to flaking, efflorescence and alkali. It has ultra low voc ensuring a safe environment.

NIPPON PAINT DURAFRESH XPERT is a specially formulated high performance exterior emulsion paint with heat ban technology and silicone, ideally suited for tropical weather conditions. It imparts a rich sheen finish and provides better anchoring and water repellence. Its anti-algal properties and dirt pick up resistance keeps walls fresh for a long time.

NIPPON PAINT SUMO XTRA is a specially formulated water based emulsion with colour-lock technology which ensures that the wall looks bright and clean. Its unique water resistant property keeps exteriors protected and beautiful for long.

NIPPON PAINT SAMURAI is a specially formulated water based acrylic emulsion paint ideally suited for dry and moderately humid climatic conditions. It is anti-peel, anti-fungal and resists fading. It is durable and offers good hiding and spreading.

NIPPON PAINT SHOGUN is a specially formulated acrylic-modified based exterior emulsion paint suitable for dry and less humid weather conditions. Its superior ingredients ensure that the exterior wall is protected from algal and fungal attack hence keeping it spotless for long.

NIPPON PAINT EXTERIOR PRIMER is a specially formulated acrylic based primer for exterior cement, concrete and plastered surfaces. Its unique alkaline resistant formula provides extra protection to the top coat. It has excellent hiding and spreading properties.

NIPPON PAINT SUMO XTRA TILE COAT is an acrylic paint which is specially formulated for painting roof tiles. It is easy to apply and forms a smooth, tough film, which is durable.

NIPPON PAINT ATOM 2-IN-1 EMULSION is a flat and durable paint which makes it ideal for both interior and exterior surfaces. Following extensive R&D and by listening to our decorative partners inputs, this dynamic paint has been developed for maximum performance which is based on acrylic modified emulsion.
